

# Writing and Content Development Services and Pricing

Tammie Corcoran, Web Developer and Technical Writer

tammiecorcoran.com

---

My goal is to give you the best value for your money and ensure you are happy with your final product.

---

Writing services are **\$25.00 per hour** and includes one edit/rewrite. If you are not completely happy with your document, I will be happy to make it right!

Documentation types\* include:

- Technical publications
- Business documentation
- Project documentation
- Strategic communications
- Web content/copywrite
- Data Interpretation
- Other documents

*\*A detailed table of specific documents can be found at the end of this document.*

My writing process is as follows:

1. Consultation and requirements gathering
2. Designing your document/content
3. Writing your document/content
4. Proofreading and editing your document/content
5. Delivering content for your review
6. You only pay me once your project is completed and approved

## Large Projects

If you have a large project, we can discuss a fair flat rate instead of an hourly rate. I am very flexible when it comes to pricing and want to give you good value for your money.

## What documents can I deliver to you?

Technical Documents	Business Documents	Project Documents	Other Documentation
Design documents	Standard Operating Procedures (SOPs)	Statements of Work	Website content
Technical specifications	Best Practices	Project plans	Metrics/KPIs
Software end user guides	Policies and procedures	Requirements	Presentation of data analysis
Training manuals/content	Process improvement	Resource plans	Social media postings
Troubleshooting guides	Employee handbooks	Business case documents	Communications strategies and plans
FAQs	Gap analysis/assessments	Project charters	Infographics
Wikis	Feasibility reports		Editing/proofreading
Test scripts/test results	PowerPoint presentations		Contract documents
Patch releases	Style guides		
Software/hardware requirements	Request for Proposal (RFP) and Request for Quote (RFQ)		
Quick start guides	Templates		
Quick reference guides	White papers		
Complex technical diagrams			
Data dictionaries
